

JOHN DAVIS

As an Urban Wildlife Biologist for Texas Parks and Wildlife Department, John Davis assists cities, developers, corporations, schools, etc. with decisions involving urban habitat conservation or management in the Dallas area. In addition to providing on site technical guidance regarding a parcel's natural resources, Davis also assists municipalities in developing or amending local codes and ordinances so that they become more ecologically sensible. Some development accomplishments include conservation developments, Chimney Rock and The Sanctuary in Flower Mound, Texas.

In 1993, Mr. Davis received his Master of Science in Biology from the University of Texas at Arlington, Texas and this year, he received his Master of City and Regional Planning, University of Texas at Arlington, Texas. He is also member of the Member of the North Central Texas Council of Governments Development Excellence Board.
